What is Community Radio?

We are a non-profit community based association, set up to provide radio access to groups and individuals.

We aim to produce programs for a wide range of musical tastes with local news and information.

We encourage community groups to become involved with the station and provide opportunities for messages to be put to air plus interview about events.

Membership is for a financial year period (ie July – June) at a cost of \$55 plus gst = \$60.50; and if membership is sought after 30th December in any financial year the fee is reduced to \$30.25 incl gst with the same entitlements.
